

ALVIN WANG

OPERATING PARTNER | GLOBAL SOURCING • PROCUREMENT • SUPPLY CHAIN

EXECUTIVE PROFILE

Senior procurement and supply-chain executive with 25+ years of leadership experience across medical devices, pharmaceuticals, electronics and industrial businesses. Deep Asia-Pacific expertise spanning strategic sourcing, supplier development and qualification, manufacturing localization, supplier risk and cost optimization

CORE EXPERTISE

Global & Strategic Sourcing | Procurement & Category Management | Supplier Development & Qualification | Asia-Pacific Manufacturing & Localization | Supply-Chain Risk & Resilience | COGS / Total-Cost Optimization | Supplier Quality & Performance | Contract Negotiation | Best-Shore / Secondary Sourcing

PROFESSIONAL EXPERIENCE

Sloan Ventures | Operating Partner

June 2026–Present

- Provide specialist leadership in global sourcing and supply-chain management, particularly across Asia.
- Support portfolio companies in supplier identification, qualification and development; manufacturing localization and scaling; supply-chain risk mitigation; and COGS optimization from product development through commercialization.

TBM Consulting Group | Consultant

2025 – 2026

- Advised clients on regional alternative-supplier searches and best-shore strategies spanning supplier evaluation, manufacturing/configuration, warehousing and distribution.
- Assessed secondary-sourcing countries, transition timing, costs and material risks; key engagement included sourcing a digital exam-room touchscreen computer for a U.S. client in compliance with relevant medical-device standards.

Eaton Corporation, APAC | Regional Lead, Indirect Material & Service Sourcing and Purchasing

2011 – 2023

- Led APAC category management and sourcing for approximately US\$200M of annual indirect spend across MRO, energy, capital equipment, IT/telecom, travel and professional services.
- Developed and deployed regional sourcing and commodity strategies aligned with global SCM; led supplier selection, relationship management, preferred-vendor rationalization and regional implementation.
- Drove cost-out, cost avoidance and process improvement while monitoring market dynamics, raw-material trends and inflation risk to protect supply continuity and total cost.

Methode Electronics (China) | Purchasing & Global Sourcing Manager

2010–2011

- Led China sourcing and purchasing support for manufacturer of custom mechatronic and electronic devices for OEMs; developed new sources of supply, benchmarked price/performance to improve quality, risk & total cost of ownership.

Baxter Asia Pacific | Regional Senior Manager, Purchasing & Sourcing Management

2008 – 2010

- Developed and executed Asia-Pacific strategies for direct and indirect material sourcing, procurement systems, cost reduction and supplier risk management across a major healthcare business.
- Supported pharmaceutical production-line localization in China and developed local suppliers of medical-device products/equipment for laboratory operations.

Sensata Technologies (formerly Texas Instruments Sensors & Controls) |

China Senior Manager, Procurement & Global Sourcing

2004 – 2008

- Led sourcing and purchasing strategy, contract negotiations, supplier management, IQC and cost-reduction planning.
- Established sourcing processes, performance metrics & strategies to ensure compliance with ISO and other standards.

STATS ChipPAC (China) | Purchasing Manager

1999 – 2004

- Led sourcing, supplier qualification and quality management, commercial negotiations and procurement; drove cost savings through alternative-source development, value engineering and spend leverage.

Delphi Packard Electric (China) Purchasing Manager	1998 – 1999
• Managed purchasing and sourcing operations; developed/qualified new suppliers	
Schering-Plough (China) Purchasing Manager	1995 - 1998
• Managed local and overseas sourcing for production, raw materials and manufacturing equipment • Supported start-up of new pharmaceutical production lines through sourcing and supplier coordination	
Sterling Health (China) Export & Logistics Manager	1994 - 1995
• Led export operations, production and purchasing planning, localization, warehousing and inventory
